

**Workpaper submitted by Tom Gwilliam  
on behalf of Iroquois Gas Transmission System, L.P.  
for the BPS Meeting on February 19, 2004**

Iroquois recommends that the Standards of Conduct category that was discussed in the previous meeting be broken into two categories: “Energy Affiliates Info.” and “Standards of Conduct” in order to 1) reduce the number of sub-categories under “Standards of Conduct” and to 2) reduce the words required in the sub-category names.

Additionally, we believe the Organizational Charts category needs to be added to Standard 4.3.21 since it is a requirement of FERC Order 2004.

Recommended Standards Changes
