

**BPS Creditworthiness
Pipeline Segment Proposal
March 12, 2003
II. D.**

A Transportation Service Provider (TSP) can terminate any release (including a re-release) if the Releasing Shipper's underlying service agreement is terminated due to default or failure to maintain creditworthiness; provided, however, that the release shall not terminate if the Replacement Shipper agrees to pay, for the remaining term of the Replacement Shipper's contract, one of the following:

- (1) the Releasing Shipper's contract rate,
- (2) the maximum tariff rate applicable to the Releasing Shipper's capacity, or
- (3) some other rate that is acceptable to the TSP.

The TSP must give the Replacement Shipper notice before terminating service, as specified in the TSP's tariff.
