

Work Paper of TransCapacity for Confirmations and Cross-Contract Ranking

1.3.X

At locations where party level confirmations are occurring between the Confirming Parties, at least one of the Confirming Parties should support Title Transfer Tracking with respect to their side of the location. Absence of support for Title Transfer Tracking by at least one of the Confirming Parties means that the Confirming Parties should support a level of confirmation which includes at least the Transportation Service Provider(s)'(s) contract level information to be included in the confirmation data exchange process.
