PECO Energy supports the content of the Credit Support Addendum User's Guide and wants to thank the Contracts Subcommittee for it's hard work and flexibility in preparing both the Credit Support Addendum and the User's Guide documents. I think it especially makes clear to all that the Credit Support Addendum is an optional special provision to the Base Contract for Sale and Purchase of Natural Gas. I do have 2 small edits for consideration. Firstly, the second sentence in Purpose does not read well. Were some words left out or is there a better way to state this point? Secondly, on Page 5, under Special Provisions, third line, change "probably" to "probable" (as in "highly probable"). Thank you for the opportunity to comment.
