Suzanne and Keith:

Thank you and the subcommittee for your hard work with this Credit Support Addendum. I agree with and support Jeff Hodge's (UBS Energy) comments on Paragraph 2, Transfer or Transferred, section (ii). However, I noticed that we added a parenthetical to sections (i) and (ii), "(or as otherwise specified in a demand Notice)" which introduces a new term. I believe we need to define "demand Notice" so that it is clear to all those who will be using this document what the term means. I apologize if you already discussed this at the August 20 conference call which I couldn't participate in. I will try to bring this up on Monday's conference call. Thanks for the opportunity to comment.
