

**EDM Work paper**  
**08/31/00**

- **Organizational Postings:** A separate category or subcategory needs to be created on the Informational Postings section of the pipeline's web sites for navigation to the organizational postings as required under Order No. 637.
- **Service Outages:** The pipeline's web sites should accommodate the posting of planned and actual service outages as required under Order No. 637. In addition, the posting of any service outage should indicate the expected duration and volumetric impact on available capacity.
