Great Lakes Gas Transmission's comments for the Modification and Interpretations listed below, due July 7, 1997.

R96083 - No Comments

C97003 - The allocating party should provide as much detail as possible on the allocation and imbalance statements. Daily and monthly quantities should be provided. Estimated daily quantities should be used if actuals are not available.

C97005 - No Comments

C97006 - The quantity that the shipper requested, not the amount of change, should be used.

C97007 - Great Lakes agrees with the clarification as stated.
