Thursday 9/18 9:00 AM to 4:00 PM

- Welcome & Administrative Issues
- Antitrust Statement
- Review & Approval of Minutes from 9/11/97 meeting
- Continuation of 9/11 Confirmations Group Presentation
- Discussion of the Issues to be Resolved

1) Untimely Nominations - Should Date Ranges be accepted (rollover)?

- Can other intraday nominations (Type I) rollover?

2) Can an Untimely Nomination bump gas scheduled under a lower priority service that was nominated under a Timely Nomination? [RESOLVED 9/11]

3) Can a continuous scheduling pipeline interface with a batch pipeline?

- Can a continuous pipeline process grid-wide nominations on a batch basis?

4) What does “exceeding the standard” mean in the intraday world?

- Is it possible to exceed the standard?

5) Should new names be developed for the nomination cycles?

6) Should “day of” capacity release be considered within this committee’s scope?

- Is there no need for work until the status of “day of” capacity release determined and even then, does the model adequately accommodate nominations placed utilize such capacity.

7) Should there be any limitations placed on the number of intraday nominations placed during a day? A nomination cycle?

- Are limitations inherently inconsistent with the goal of continuous and contiguous scheduling?

- Begin working on finalizing standards, definitions and presentation materials for the EC

- Adjourn meeting
