

Subj: Interpretations Committee Conf. Call
Date: 5/22/00 11:23:47 AM Central Daylight Time
From: Sullivans@coned.com (Sullivan, Stephen C.)
To: gisb1@aol.com ('Rae McQuade')
CC: Sullivans@coned.com (Sullivan, Stephen C.)

I will be unavailable for the call on Friday but here are my thoughts on the items:

1) I support the notion of fuel being calculated on each transportation line item, as discussed at the last meeting. If a vote is being taken on this item, that is my vote

2) With regard to the issue raised by Boeing - I don't see any problem with the idea of creating a 1dth fuel-in-kind minimum charge. If a vote is taken, this is my vote.

Please forward this to the committee and anyone who wants to call or email me is welcome to do so. Thanks.
