The Ontario IMO has the following comments, which relate to the international nature of the NAESB and NERC and the separate Canadian authorities for adopting standards.

Specifically, we recommend modifying the draft MOU as follows:

1. Line 9: Insert "North American" between "in" and "wholesale";
2. Line 96: Insert "including Canadian authorities" after "authorities";
3. Line 123: Insert "including Canadian authorities" after "authorities"; and
4. Line 35: Replace "comprised of" with "comprises" (editorial).
