**TO:** GISB Executive Committee  
**FROM:** Shelley Corman, co-chair, Order No. 637 Subcommittee  
Cynthia Corcoran, co-chair, Order No. 637 Subcommittee  
**RE:** Recommended Actions to Address FERC Order Nos. 637 & 637-A ("Order 637")  
**DATE:** June 15, 2000

---

Dear Executive Committee Members,

Attached please find the list of GISB action items identified in FERC Order No. 637, with recommendations regarding the subcommittee to which they should be assigned and with a priority relative to other Order No. 637 assignments. In addition, we recommend that subcommittees with Order No. 637 action item assignments be given priority in scheduling meetings compared to subcommittees not assigned Order No. 637 action items. Also, Order No. 637 items are to be addressed before all other work of the given subcommittees. It is not the intent of this subcommittee to prescribe an outcome for any of the action items.

The report includes a list of all participants in this subcommittee. Thanks are given to them for assisting in preparing this report.

The GISB office has scheduled a conference call on [date] and [time]. An announcement will be made shortly. At the conference call, the EC will be able to discuss the plan and approve it. To approve this plan and provide the assignments to the specified subcommittees requires a simple majority vote. Thank you for your consideration of this report.

Best Regards,

Cynthia Corcoran, co-chair

Shelley Corman, co-chair
