RE: Request for Defined Terms for REQ/RGQ SUIS Creditworthiness Standards
DATE: June 5, 2003

My understanding as to the process agreed upon for the initial CPS and SUIS work products at yesterday's EC meeting is that the definitions are to be finalized and approved by the Glossary Subcommittees and then incorporated into the CPS and SUIS work products, where the definitions will be submitted for EC approval along with the Model Business Practices.

To facilitate this process I have enclosed a copy of the Glossary Subcommittees' defined term comparison spreadsheet with updates from the May 15, SUIS meeting. I have identified those terms used in the current SUIS Creditworthiness draft and sorted them to the top. I ask that you give these 25 definitions priority in the Glossary Subcommittees' work queue.

The SUIS Subcommittees are hoping to vote the Creditworthiness standards out of the Subcommittee at the July 15-16 SUIS meetings, so the Executive Committees might take action on them at the October EC meetings. To meet this goal, SUIS needs the Glossary Subcommittees' approved definitions in time to include them in the documents to be reviewed on July 15 and 16.

For the sake of timeliness, I am making this request on behalf of both SUIS Subcommittees.
