**NORTH AMERICAN ENERGY STANDARDS BOARD
RETAIL ELECTRIC QUADRANT/RETAIL GAS QUADRANT
Joint Supplier-Utility Interface Subcommittee (SUIS) Meeting
Conference Call - Monday August 11, 2003**

Results Summary

Twenty-seven voting SUIS members and one observer participated in the conference call.

The participants discussed and resolved the issues that remained open from the July 31, 2003 conference call.

Votes were taken to recommend the proposed Model Business Practices to the REQ/RGQ Executive Committees and both the REQ and RGQ SUIS voted to do so:

- Seven motions were made to approve parts of the document
- The final motions incorporated changes made during the discussion
- All seven motions passed both the REQ SUIS and the RGQ SUIS
- The seven approved motions encompass all sections of the Overview (Scope, Principles, and Definitions) and the Model Business Practices (Sections 1.1 through 1.8)

The results of the voting and the red-line Creditworthiness Business Practices document can be found on the SUIS web page under the Minutes for the August 11, 2003 conference call.

The next step is for the Co-Chairs to prepare and submit the formal recommendations to the REQ/RGQ Executive Committees.

Thanks to all of you who participated in the SUIS meetings. We have a work product we can be proud of.
