The REQ TEIS group feels that we can complete the ET portion by second qtr 2004 and the QEDM portion 4th qtr 2004. The other items will be depend on the others completion dates as has been noted in other annual plans. Thanks mark

**Subject:** Request for Comments - REQ/RGQ 2004 Annual Plan Development

Dear Retail Quadrant Subcommittee Chairs,

The 2004 Annual Plan process has begun for the Retail Electric Quadrant and Retail Gas Quadrant. As a first step, it has been requested that REQ and RGQ Subcommittee Chairs review the annual plan items assigned to their subcommittee, and after consulting with members of their subcommittee, provide estimated completion dates for those items. Executive Committee members are invited to submit their estimated completion dates for all annual plan items.

The [Request for Comments](#) - which details a timeline for completion and includes the 2003 Annual Plan for both Retail Quadrants - can be found on the NAESB website. Responses are due into the NAESB Office by August 22, 2003.

Best Regards,  
Todd Oncken, Deputy Director
