RE: Request for Comments
DATE: March 31, 2003

Ken Yagelski (Washington Gas), Chair of the NAESB Retail Gas Quadrant (RGQ) Gas Practices Inventory Task Force (GPITF), has requested distribution of the attached survey. Responses to these survey questions are being compiled by the GPITF in an effort to assist the RGQ's Supplier / Utility Interface Subcommittee, Technical Electronic Implementation Subcommittee, and the Customer Processes Subcommittee as they address their annual plan assignments. You may also find this survey posted on the GPITF's section of the NAESB web site. For your convenience, both a Word version and Adobe PDF version of the survey are attached.

If you experience difficulty interpreting the survey questions, you may find it helpful to review the responses already submitted. You may find these survey responses on the GPITF's section of the NAESB web site. If additional assistance is required, please contact NAESB directly at naesb@aol.com.

Your response to these survey questions would be greatly appreciated. All comments received will be published to the NAESB web site for review by other interested parties. Your timely comments are requested by close of business Monday, April 14, 2003. Please provide your comments directly to NAESB at naesb@aol.com.
