

**NAESB, REQ/RGQ SUIS SUBCOMMITTEE**

**REQUEST FOR COMMENTS ON CREDITWORTHINESS DRAFT 7**

Members, Interested Parties

Enclosed are two files: Credit\_V7\_Redline.doc and Credit\_V7\_Clean.doc.

They both represent the status of our document after the April 3 meeting. The red-line version is included to show how we got to our current state. Information on earlier changes can be found at the past meetings' information on the NAESB website--including the compilation of comments on draft #5.

Please review the document and respond with any comments to the Yahoo listserve (retaillectric-suis@yahogroups.com) by the close of business April 30, 2003 to allow us time to compile and distribute the comments prior to the May 15 meeting. At the May meeting we will go through the compiled comments and close in on finalizing the document. Also, we will discuss the process flow diagram and the model non-disclosure agreement for the first time. I hope to send out a revised process flow diagram next week, so you might want to wait before reviewing it.

The preferred form of submitting comments on the document is to make your proposed changes in a new red-line (based on Credit\_V7\_Clean.doc), that you post back to the list serve. All comments submitted will also be posted to the NAESB web site

I look forward to a very productive meeting in Orlando.

Thanks for your participation.
