

**GISB Technical Subcommittee
Conference Call
Final Meeting Minutes
September 20, 2000**

1. Welcome and Introductions

Kim Van Pelt called the meeting to order. Introductions were made.

2. Anti-Trust Warning

Reviewed by Kim Van Pelt

3. Adoption of Agenda

Agenda adopted as drafted.

4. Complete ANSI Data Maintenance Requests for R96007/R96008

The need for these items was previously discussed at our June 28-29 meeting. The Request for Information was mapped into the 814 for R96007/R96008, but we were not able to map it in an ANSI Compliant fashion without the following items being approved by DISA. Once these items are approved by DISA, we will remap the Request for Information to be ANSI Compliant and publish it with the other ANSI Compliant Flowing Gas documents.

DMR 25:

add LCD segment to Table 1, usage Optional, Max Use 1
add LQ segment to Table 1, usage Optional, Max Use >1
add N9 segment to Table 1, usage Optional, Max Use >1
add DTM segment to Table 1, usage Optional, Max Use 1

add code values to data element 1270 LQ01 and link to code source 293

DSR - Data Sets Requested

ATT - Allocation Transaction Type Code

Kim will prepare a draft business case that will be reviewed/approved at the next meeting.

5. Address Information Requirements Subcommittee Response to Technical Subcommittee re: Shipper Imbalance Paper

At our May 18-19 meeting, we sent an issue back to IR regarding the structure of the Paper Sample for the Pathed Non-threaded - Threaded and Unthreaded portion of the Shipper Imbalance. IR has reviewed our request and made changes to the Paper Sample (see posted workpaper). We now need to prepare the Sample X12 based on the new Paper Sample provided by IR.

"Imbalance Reporting Type = Pathed Non-threaded - Threaded and Unthreaded"

6. Adjourn

Meeting was adjourned at 10:00a.m.

Attendees:

Kim Van Pelt	CMS Panhandle Eastern Pipe Line
Denise Breeden	Tennessee Gas Pipeline
Jim Keisler	Williams Gas Pipeline
Andy Sicignano	Enron North America
