#### E. PROPOSED WORK:

1. Add the following segment to the IT1 loop (beginning with the IT1 segment at position 2100):  
LCD Place/Location Description, Usage Optional, Max Use >1
2. Modify the usage of LCD01 (DE 350 Assigned Identification) from Mandatory to Optional. Since there are no Semantic Notes for this segment, it is unclear why the Assigned Identification is mandatory for this segment. The natural gas industry has no use for this element.
