Ms Veronica Thomason,

In response to the following naesb email note, my comment regarding the 2004 Draft Wholesale Electric Quadrant Annual Plan is as follows.

Especially for individuals who are not members of the executive committee, in considering the proposed 2004 WEQ Annual Plan, I wonder if there would be any value in providing a one page executive committee summary regarding the status of the 2003 WEQ Annual Plan items. This summary could be as simple as "completed", "continuing", or "cancelled". Short statements that explain, for example, why something was cancelled, could be provided to the extent that the whole effort does not exceed one page. In this manner, people outside the executive committee may have a better opportunity to recall what's been accomplished. Also, it would be helpful to understand what happens with unfinished 2003 annual plan items in 2004. Are these items contained within the proposed 2004 plan, are these items continuing in addition to the proposed 2004 annual plan items, or what?

for your consideration,
Dave Slick
SRP
