Dear NAESB WEQ Standards Review Subcommittee Participants,

As noted in the February 6, 2003, NAESB WEQ Standards Review Subcommittee Kickoff Meeting, the NAESB Office is requesting comments on the NERC SARs currently out for comment. Participants interested in participating in discussions on the commercial aspects of pending SARs are encouraged to review the applicable external standards and prepare comments for discussion. Prepared written comments are welcomed, but not required.

Additionally, the NAESB Office requests comments on current NERC policies that have specific commercial impacts. During the SRS Kickoff meeting, participants envisioned the potential need to establish a task force regarding the identified issues, in connection with the charge contained in Item 1 (b) of the 2003 WEQ Annual Plan, *Review existing NERC reliability policies and standards for their business practice implications.*

The agenda and any submitted comments for the March SRS meeting will be posted to the NAESB web site (http://www.naesb.org/weq_standards_review.htm).

Best Regards, NAESB Office
