Ms. Magalie R. Salas, Secretary  
Federal Energy Regulatory Commission  
888 First Street, N.E.  
Washington, DC 20426

Dear Ms. Salas:

Re: Docket No. ER04-384-000

Pursuant to Section 35.13 of the Federal Energy Regulatory Commission's ("Commission" or "FERC") Regulations under the Federal Power Act (18 C.F.R. § 35.13), Southern California Edison Company ("SCE") tenders for filing a revised rate sheet ("Revised Sheet") for the Service Agreement for Wholesale Distribution Service ("Service Agreement") between SCE and the City of Moreno Valley, California ("Moreno Valley") for the Cactus Avenue Wholesale Distribution Load filed in this docket on January 9, 2004.

The documents submitted with this filing consist of this letter of transmittal and all attachments hereto; the Revised Sheet; a notice suitable for publication in the Federal Register; and an electronic copy of the notice on a 3-1/2 inch diskette.

On January 9, 2004, SCE tendered for filing, in Docket No. ER04-384-000, the Cactus Avenue Wholesale Distribution Load Interconnection Facilities Agreement ("Interconnection Agreement") and the Service Agreement between SCE and Moreno Valley. These agreements specify the terms and conditions pursuant to which SCE will design, construct, install, and own interconnection facilities and provide Distribution Service from the California Independent System Operator Corporation Controlled Grid at Valley Substation to a proposed new SCE-Moreno Valley 12 kV interconnection serving

the Moreno Valley Cactus Avenue development. The Commission has not yet acted on that filing.

The Service Agreement provides that service shall commence on the later of (1) February 18, 2004, or (2) the date on which construction of any Direct Assignment Facilities and/or Distribution System Upgrades specified in Sections 7.0 and 8.0 of the Service Agreement's Specifications For Wholesale Distribution ("Specifications") are completed and all additional requirements are met pursuant to Section 13.5 of the WDAT, or (3) such other date as it is permitted to become effective by the Commission.

SCE completed the construction of the interconnection facilities, and all other conditions to commence wholesale Distribution Service have been met. As a result, Moreno Valley desires that SCE commence wholesale Distribution Service on February 6, 2004. Moreno Valley has requested that SCE amend the Service Agreement to reflect the revised service commencement date. A copy of Moreno Valley's request is provided in Attachment A to this filing letter. The Revised Sheet reflects the change in revised service commencement date.

A table showing the revised estimated revenues SCE will collect under the Interconnection Agreement and Service Agreement during the first 12 billing months is provided in Attachment B to this filing letter.

#### Waiver

SCE respectfully requests, pursuant to Section 35.11 of the Commission's regulations, waiver of the 60-day prior notice requirements specified in Section 35.3 and requests the Commission to assign an effective date of January 10, 2004 to the Revised Sheet, which date is the same effective date requested in SCE's initial filing in Docket No. ER04-384-000. Such waiver would be consistent with the Commission's policy set forth in Prior Notice and Filing Requirements Under Part II of the Federal Power Act, 64 FERC ¶ 61,139 (1993), that waiver of the 60-day prior notice requirement will generally

be granted for service agreements filed within 30 days after service commences. Without such waiver, the Moreno Valley's end-use customers will not be able to receive electric service on the requested date. The granting of this waiver will not have any impact on SCE's other rate schedules.

No expenses or costs included in the rates tendered herein have been alleged or judged in any administrative or judicial proceeding to be illegal, duplicative or unnecessary costs that are demonstrably the product of discriminatory employment practices.

SCE believes that the data contained in this letter provide sufficient information upon which to accept this filing; however, to the extent necessary, SCE requests that the Commission waive its filing requirements contained in Sections 35.5 and 35.13 of the Commission's regulations.

SCE believes this filing conforms to any rule of general applicability and to any Commission order specifically applicable to SCE, and has made copies of this letter and all enclosures available for public inspection in SCE's principal office located in Rosemead, California. SCE has mailed copies to those persons whose names appear on the mailing list enclosed.

Very truly yours,

Docket No. ER04-384-001

NOTICE OF FILING

(February , 2004)

Take notice, that on \_\_\_\_\_, 2004, Southern California Edison Company ("SCE") tendered for filing a revised rate sheet ("Revised Sheet") for the Service Agreement for Wholesale Distribution Service ("Service Agreement") between SCE and the City of Moreno Valley, California ("Moreno Valley") for the Cactus Avenue Wholesale Distribution Load filed in this docket on January 9, 2004. The Revised Sheet reflects a revised date for the commencement of wholesale Distribution Service.

SCE states that copies of this filing were served upon the Public Utilities Commission of the State of California, and Moreno Valley.

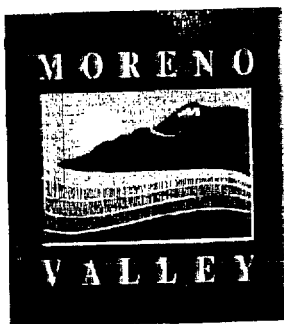

Any person desiring to intervene or to protest the filing should file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR § 385.211 and 18 CFR § 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. All such motions and protests should be filed on or before the comment date, and, to the extent applicable, must be served on the applicant and on any other person designated on the official service list. Copies of this filing are on file with the Commission and are available for public inspection. This filing is available for review at the Commission or may be viewed on the Commission's web site at <http://www.ferc.gov>, using the eLibrary (FERRIS) link. Enter the docket number excluding the last three digits in the docket number field to access the document. For

assistance, please contact FERC Online Support at [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov) or toll-free at (866) 208-3676, or for TTY, contact (202) 502-8659. Protests and interventions may be filed electronically via the Internet in lieu of paper; see 18 CFR § 385.2001(a)(1)(iii) and the instructions on the Commission's web site under the "e-filing" link. The Commission strongly encourages electronic filings.
