# Request Transaction Part 3:

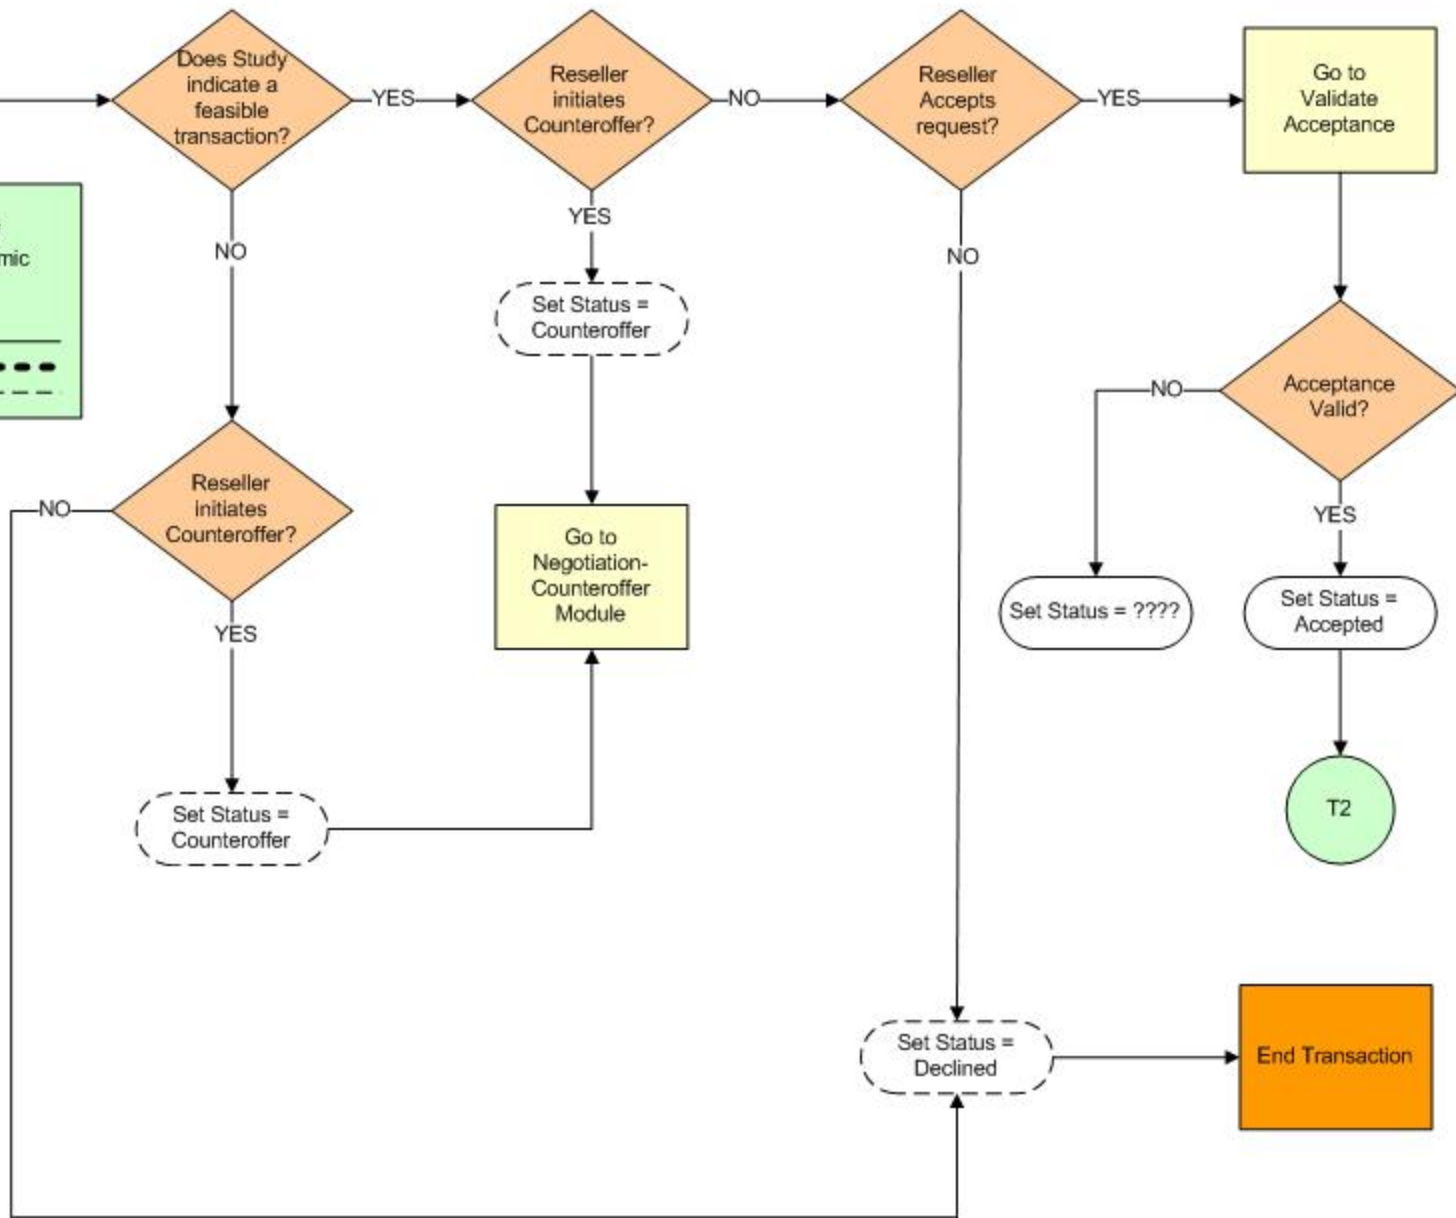

# Study Module: this may be eliminated pending investigation

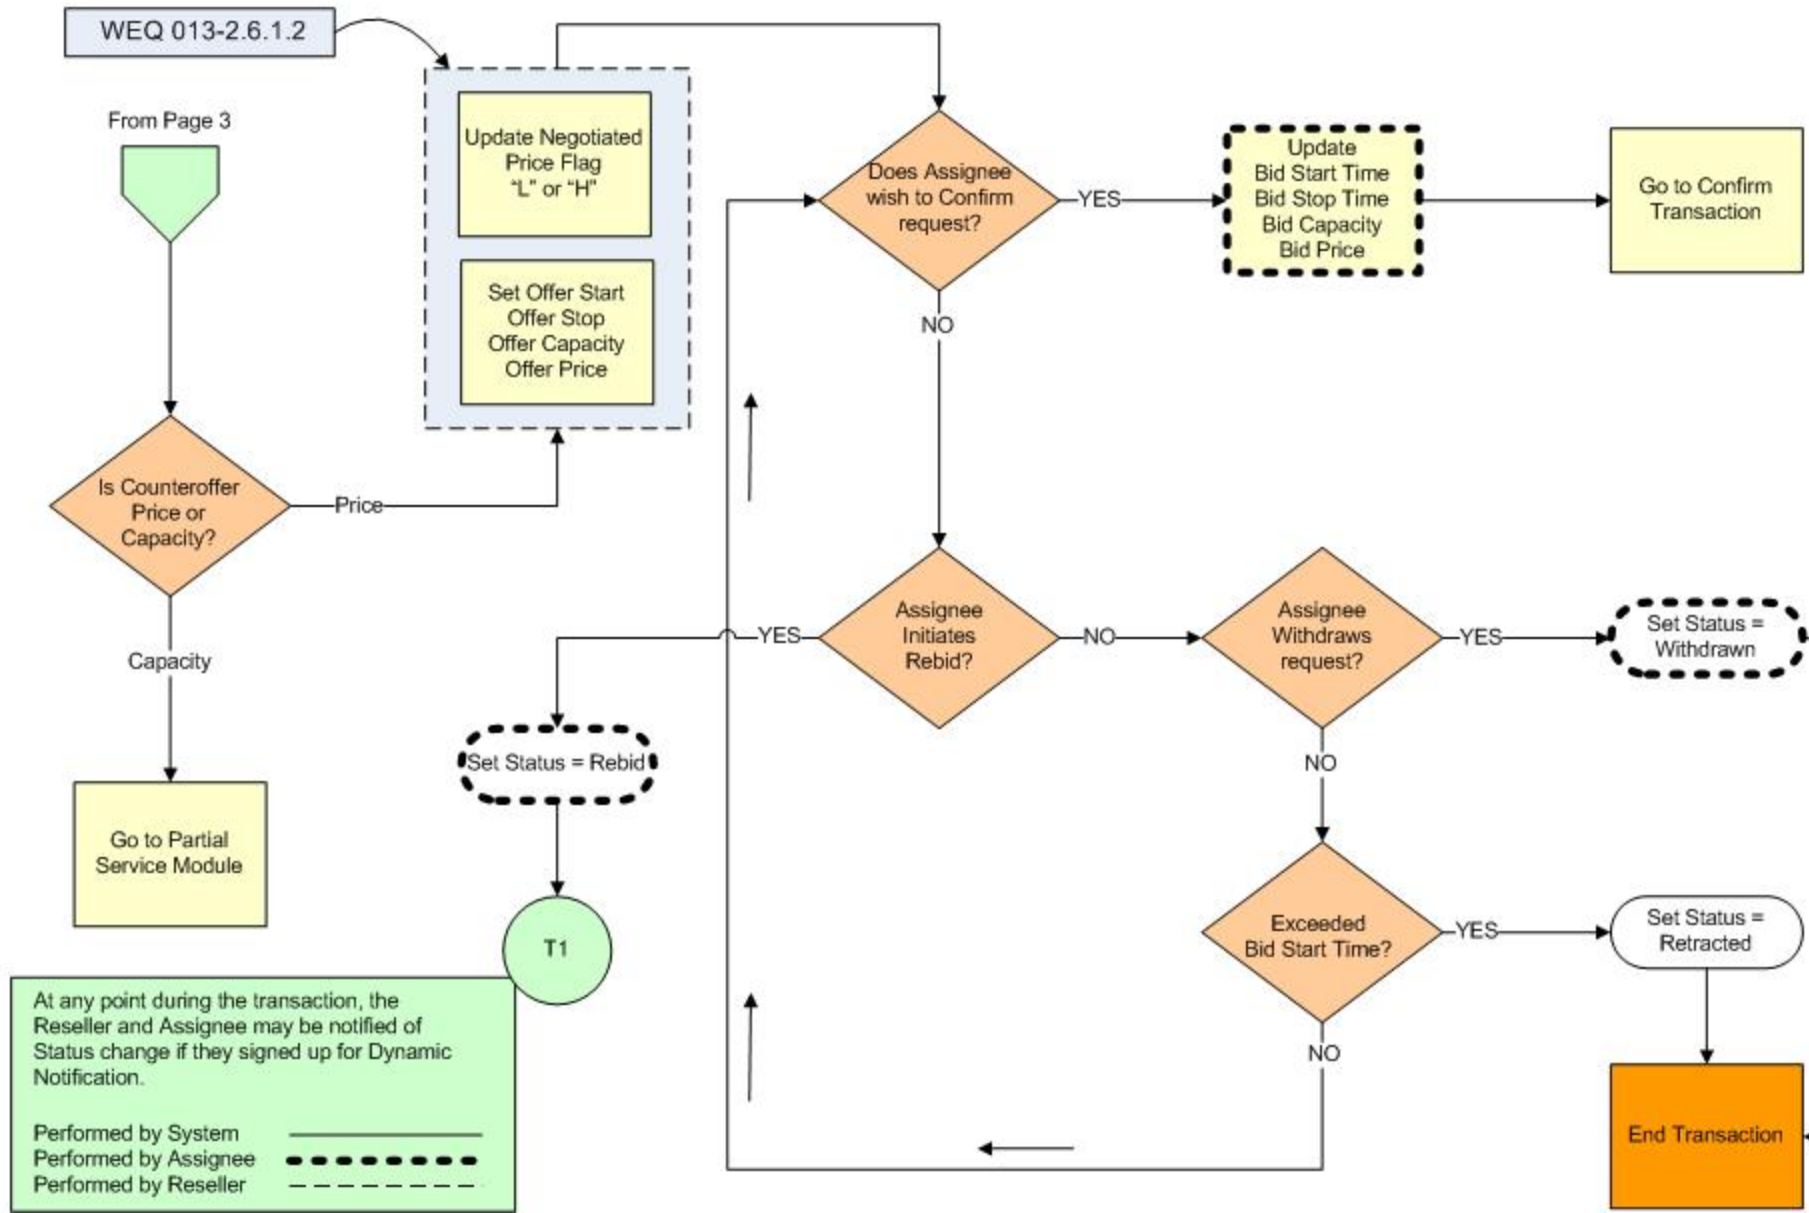

From Page 4

At any point during the transaction, the Reseller and Assignee may be notified of Status change if they signed up for Dynamic Notification.

Performed by System \_\_\_\_\_  
Performed by Assignee - - - - -  
Performed by Reseller - - - - -

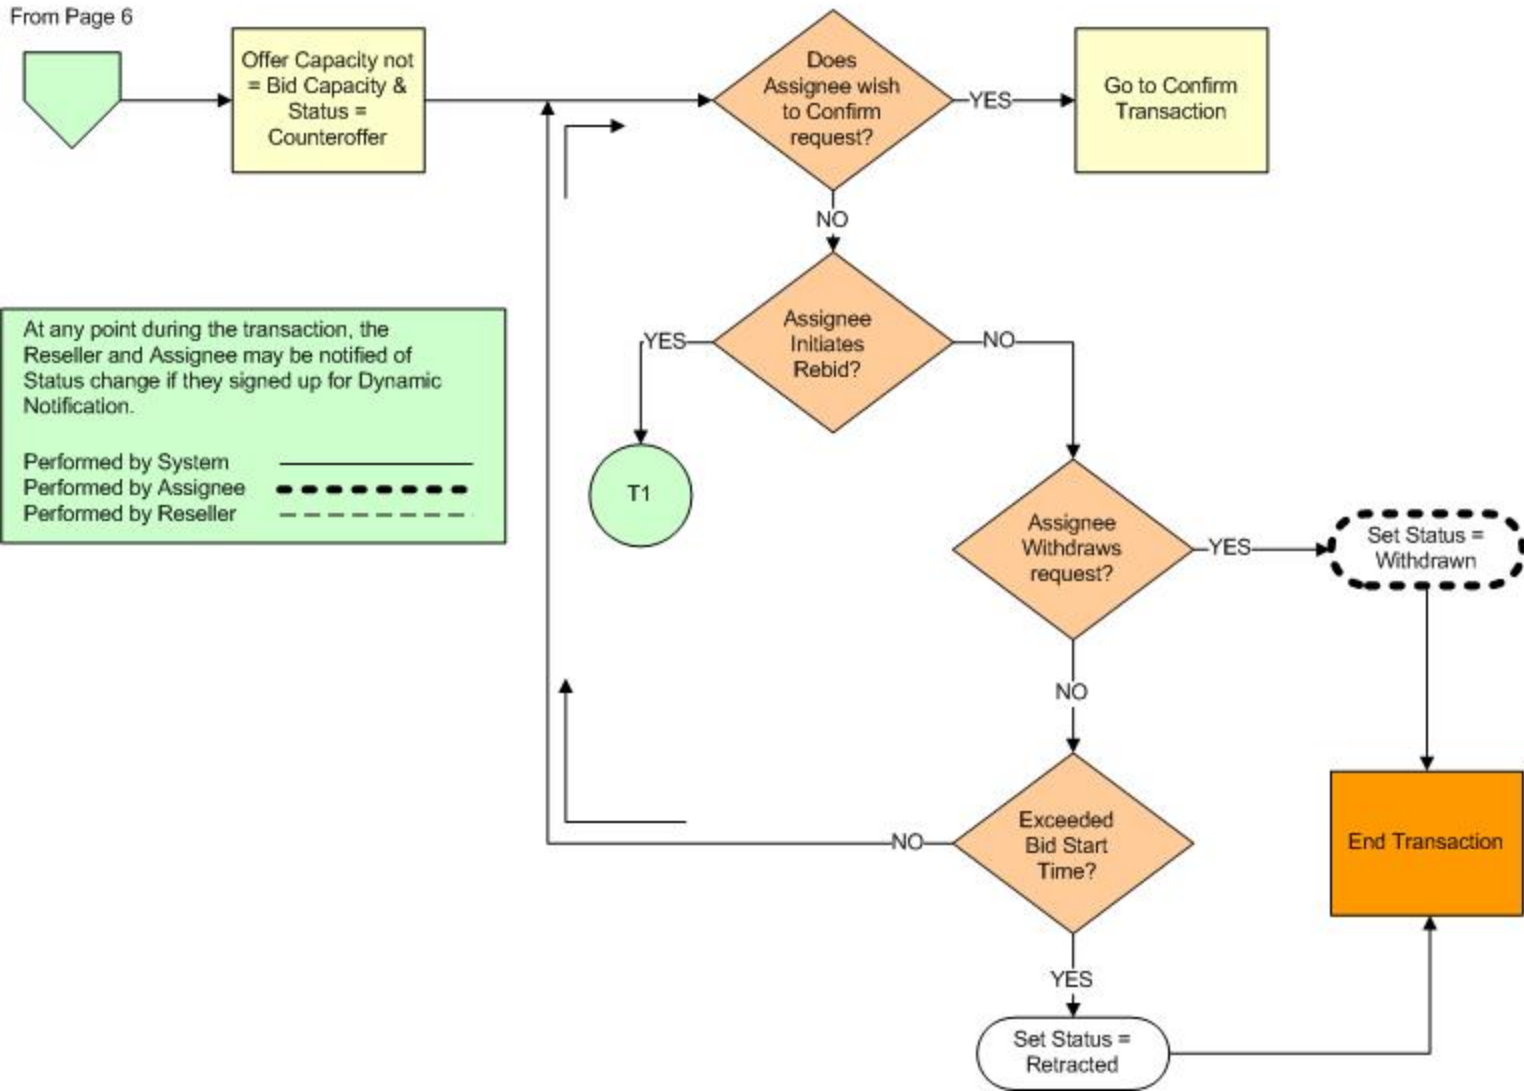

# Negotiation-Counteroffer Module:

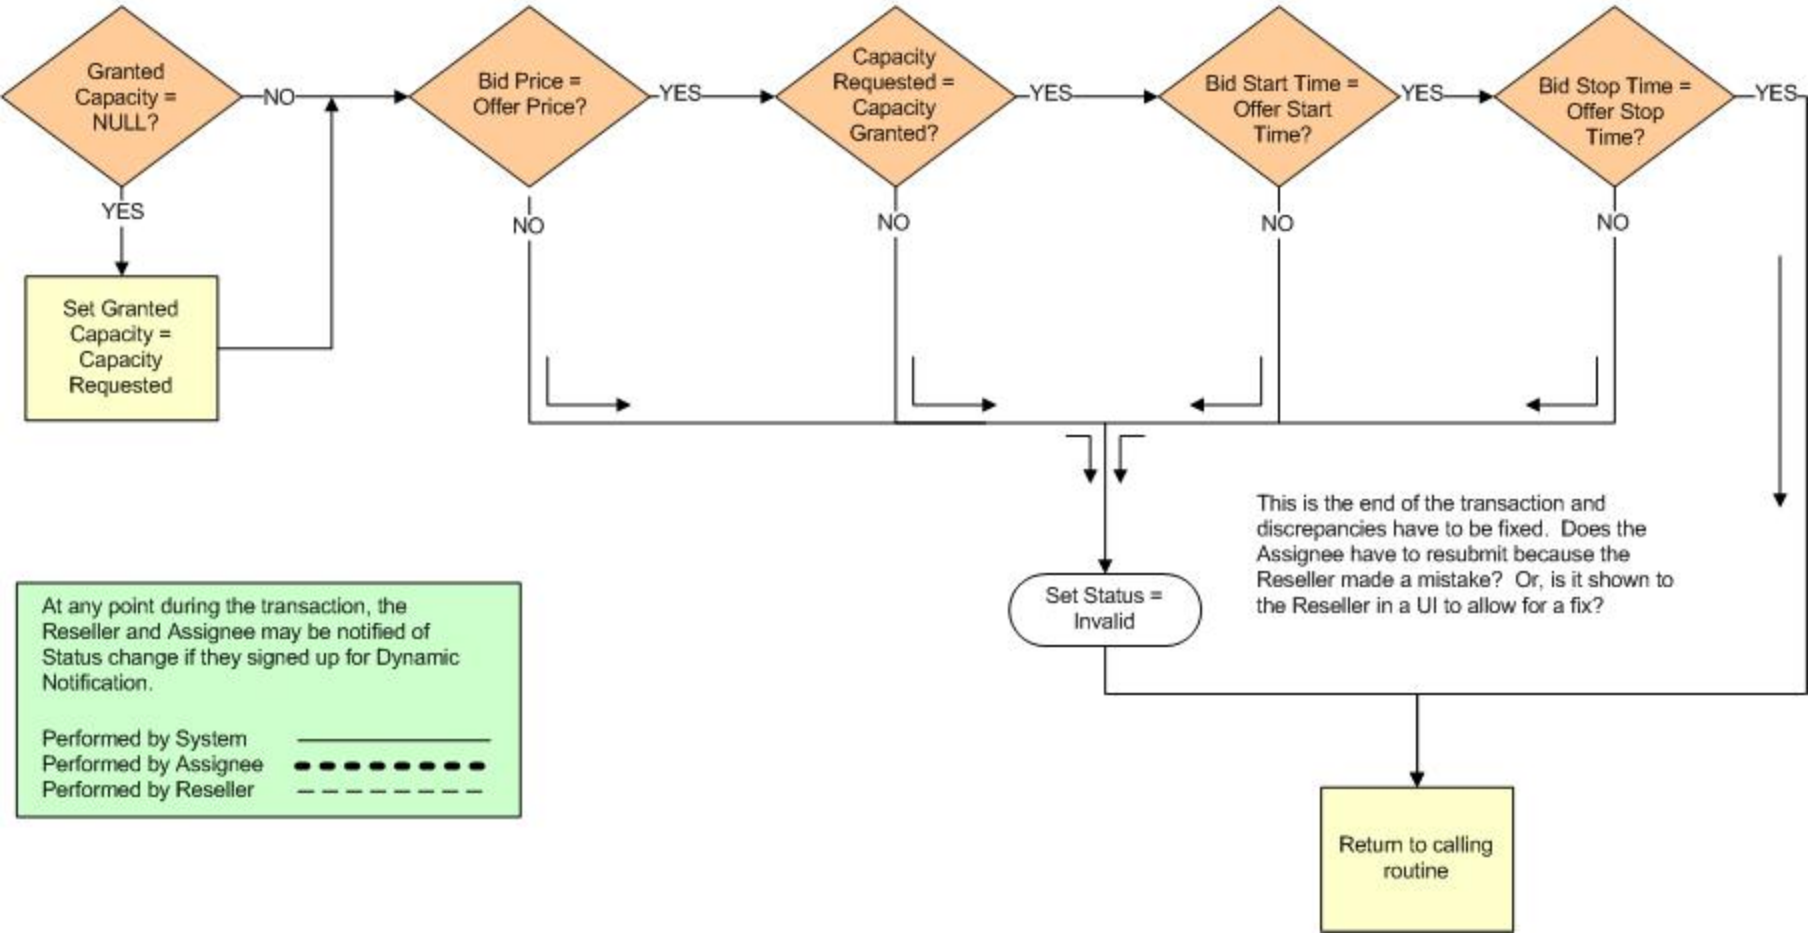

# Partial Service Module:

From Page 6

# Validate Acceptance:

WEQ 013-2.6.7.1

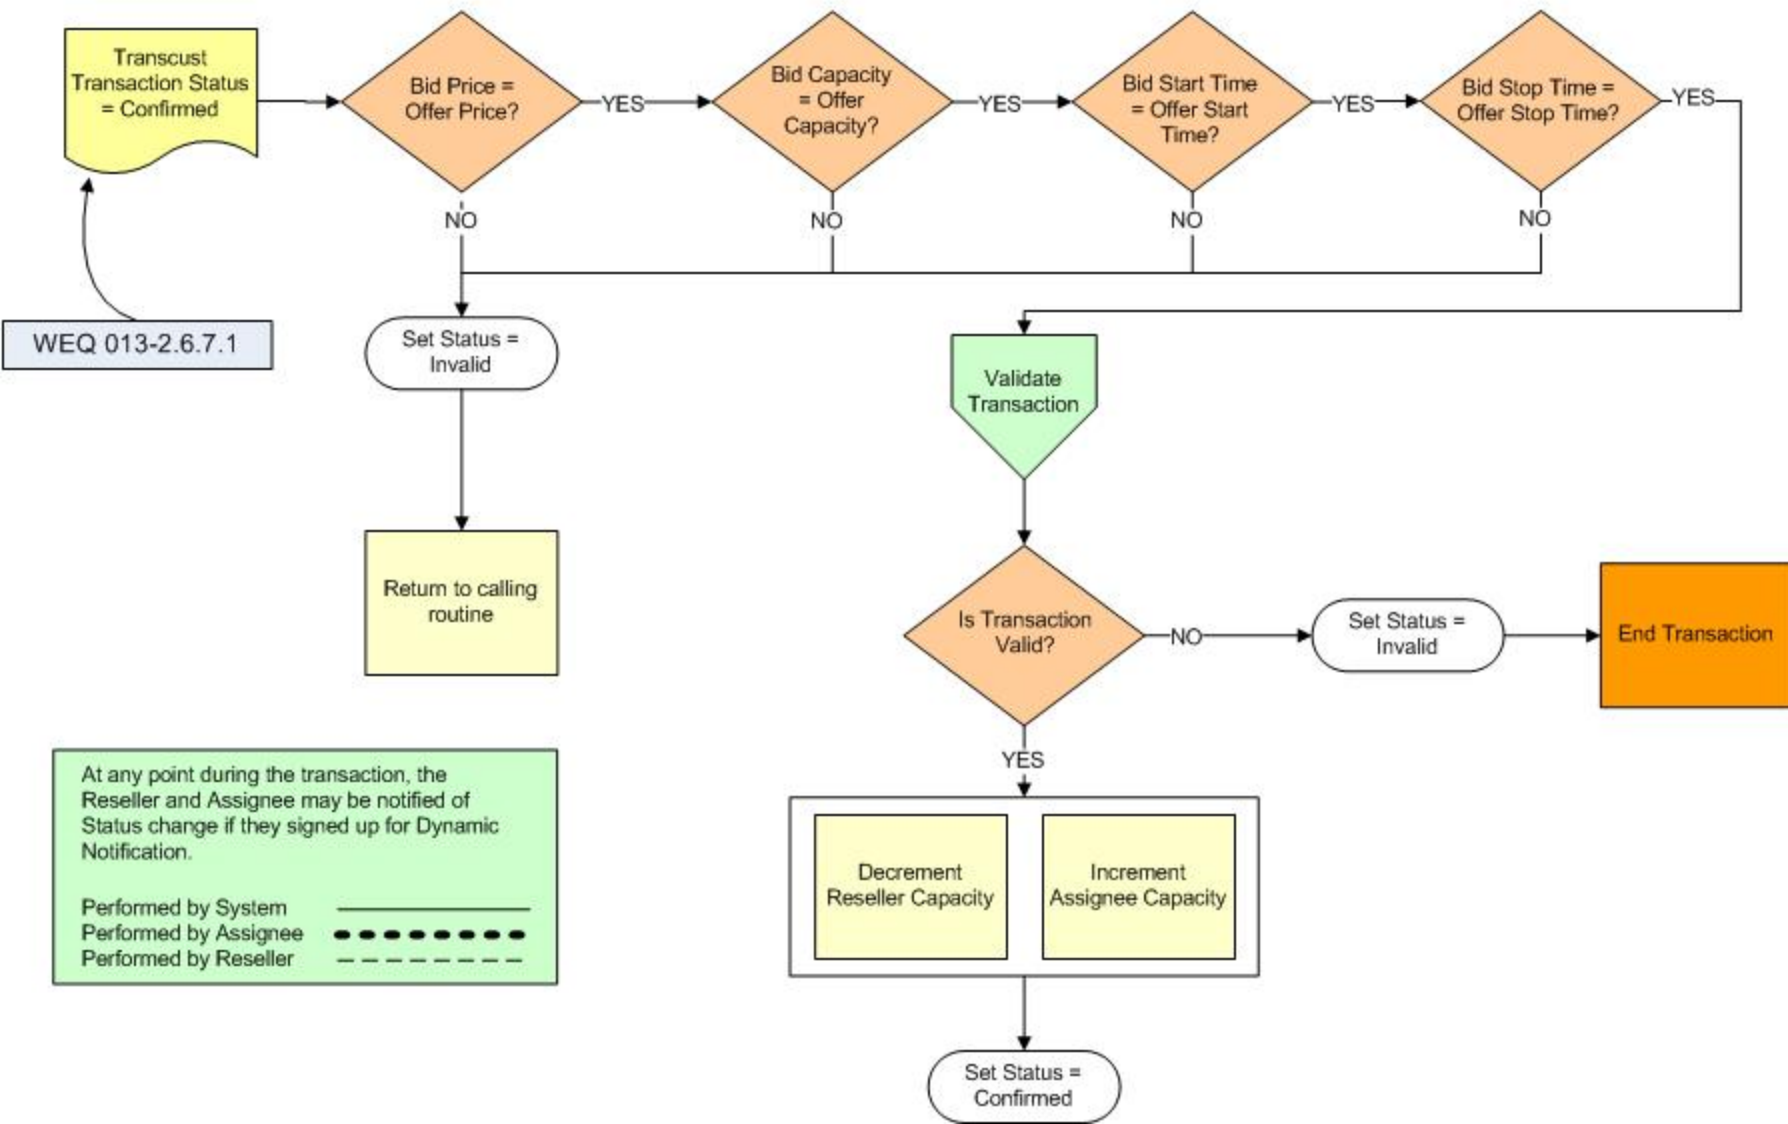

At any point during the transaction, the Reseller and Assignee may be notified of Status change if they signed up for Dynamic Notification.

Performed by System \_\_\_\_\_  
Performed by Assignee .....  
Performed by Reseller - - - - -

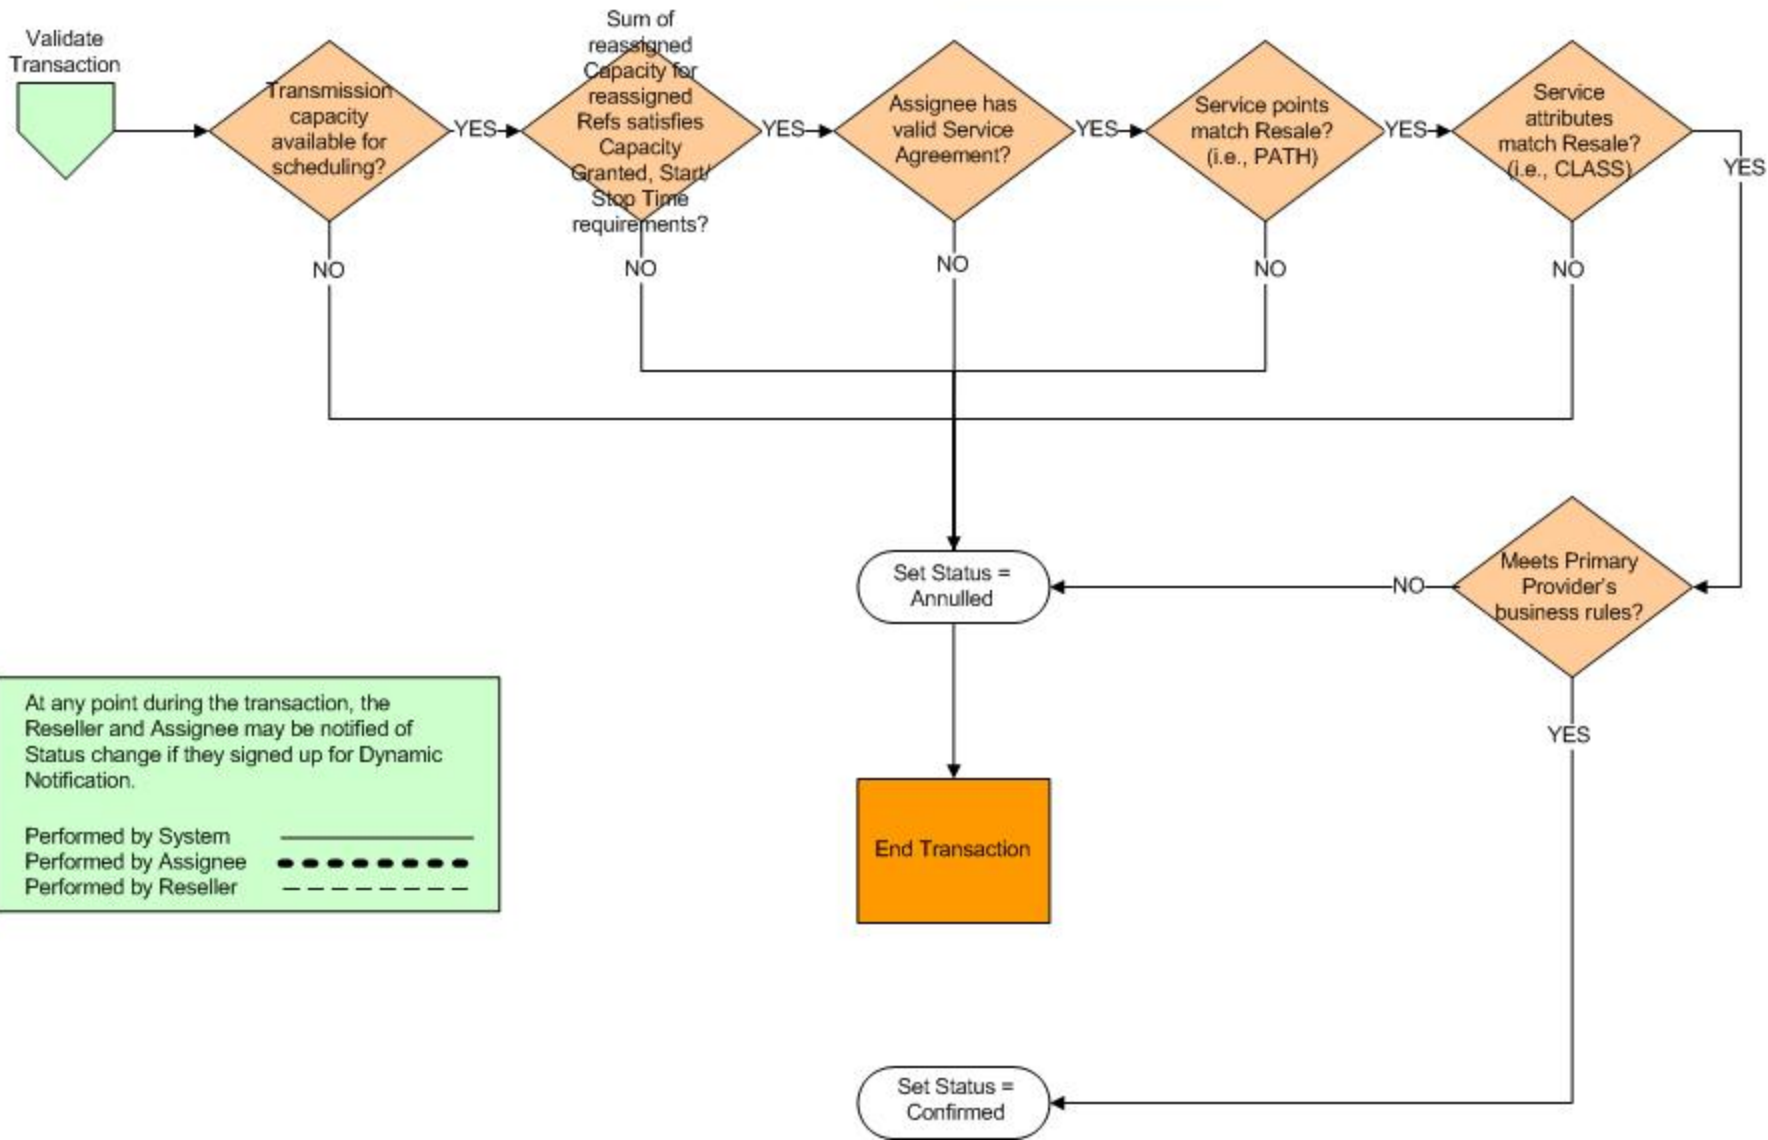

This is the end of the transaction and discrepancies have to be fixed. Does the Assignee have to resubmit because the Reseller made a mistake? Or, is it shown to the Reseller in a UI to allow for a fix?

# Confirm Resale Transaction:

# Validate Resale Transaction:

WEQ 013-2.6.7.1

At any point during the transaction, the Reseller and Assignee may be notified of Status change if they signed up for Dynamic Notification.
