<p>Fixed Price, or (b) if the FOM Price is below the Fixed Price, Buyer shall pay Seller for each MMBtu of gas not delivered and/or received the difference between the Fixed Price and the FOM Price. "Fixed Price" means, a Contract Price for a transaction that is expressed as a flat dollar amount (Fixed Price includes prices that were converted from an index-based price to a flat dollar amount upon the mutual agreement of the parties or as a result of a party exercising a price option that resulted in a maximum price or a minimum price). "FOM Price" means the price per MMBtu, stated in the same currency as the transaction subject to such Force Majeure event, for the first of the month delivery, as published in the first issue of a publication commonly-accepted by the natural gas industry (selected by the Seller in a commercially reasonable manner) for the calendar month of such Force Majeure event for the geographic location closest in proximity to the Delivery Point(s) for the relevant Day adjusted for the basis differential between the Delivery Point(s) and such published geographic location determined by the Seller in a commercially reasonable manner."</p>	<p>NO</p>
<p>Section 6 (Encana) Suggest adding the following language: "Notwithstanding anything to the contrary in the Base Contract or these Special Provisions and regardless of whether such Taxes are, or are deemed to be, due before, at, or after delivery, (1) the Contract Price is inclusive of all production, severance, ad valorem or similar Taxes levied on or with respect to the Gas, and all such Taxes shall be borne and paid exclusively by Seller, and (2) Buyer shall pay, cause to be paid, or reimburse Seller for the payment of, any Tax levied by any government or governmental subdivision or agency as a result of the consumption or use of Gas by Buyer, its customers, or consumers. Each party will, upon request, reasonably cooperate (including by the delivery of tax exemption certificates or other relevant documents) to enable the other party to eliminate or reduce the rate at which such other party must deduct or withhold for or on account of any Tax in connection with any payment required under this Base Contract."</p>	<p>YES</p>
<p>Section 8 (SMUD) The following sentence is added to the end of Section 8.3: "Neither party shall be required to indemnify the Claims of the other party resulting from the gross negligence or willful misconduct of such other party."</p>	<p>NO</p>

<p>“Fixed Price” means, a Contract Price for a transaction that is expressed as a flat dollar amount for the Month of delivery, excluding any transactions that have been entered into after the last trading day (as defined by the NYMEX) for the applicable Month. Subject to the foregoing exclusion, “Fixed Price” also includes any transaction containing a Contract Price or a component of a Contract Price that has been converted from a floating price mechanism (i.e., a NYMEX/first of the month index basis component and a fixed price or floating price component, or a NYMEX/first of the month index priced component with a fixed basis component) to a flat dollar amount for any Month of delivery, either upon the mutual agreement of the parties or as a result of a party exercising a pricing “trigger” option in the relevant transaction.</p> <p>“FOM Price” means the price per MMBtu, stated in the same currency as the transaction subject to such event of Force Majeure, for the first of the Month delivery, either as the NYMEX settlement price or as an index price published in the first issue of a publication commonly accepted by the natural gas industry as mutually agreed by both parties for the Month of such event of Force Majeure for the geographic location closest in proximity to the Delivery Point(s) for the relevant Day, adjusted for the basis differential between the Delivery Point(s) and the NYMEX or such published geographic location as determined by the Seller in a commercially reasonable manner.”</p> <p>(LDES) Performance Obligation</p>	<p style="text-align: center;">No</p>

<p>Section 3 (Encana) In Section 3.1, the following words are added as the last sentence: “Unless expressly agreed by the parties in the Transaction Confirmation or otherwise in writing, Seller and Buyer shall nominate Gas with respect to a transaction so that such Gas will flow at a reasonably consistent rate (to the extent such rate of flow is within the control of the applicable party) over the course of each Day during the Delivery Period.”</p>	
<p>NOTE: Encana would like to discuss the possibility of adding “keep whole” language, similar to that detailed below (new Section 3.5). We are seeing this frequently in the Special Provisions that we receive from our counterparties. Perhaps this could be included as an optional provision?</p> <p>Notwithstanding anything in this Contract to the contrary, in the event a transaction (a) has a Firm performance obligation, (b) as a result from an event of Force Majeure, Seller is unable to sell and deliver, or Buyer is unable to purchase and receive, the Contract Quantity, either in whole or in part, for such transaction, (c) the Contract Price for such transaction is a Fixed Price (as defined below) and (d) the Delivery Period for such transaction is equal to or greater than one Month, then, for the duration of the event of Force Majeure, for each Day that Seller is unable to sell and deliver, or Buyer is unable to purchase and receive, such Contract Quantity, the following settlement obligations between the parties shall apply:</p> <p>(a) if the FOM Price (as defined below) exceeds the Fixed Price, Seller shall pay Buyer the difference between the FOM Price and the Fixed Price for each MMBtu of such Gas not delivered and/or received on that Day, or</p> <p>(b) if the Fixed Price exceeds the FOM Price, Buyer shall pay Seller the difference between the Fixed Price and the FOM Price for each MMBtu of such Gas not delivered and/or received on that Day.</p> <p>For the purpose of this Section 3.5:</p>
