

# RECOMMENDATION TO GISB EXECUTIVE COMMITTEE

Request #: 96080

Change to the X12 mapping of a data element in the Implementation Guide of the allocation statement. Request to move the "Contact Information" data element from a header level to a detail level in the data set.

**Type of Request**(check all that apply) (E-5):

- A-3  New Document (Data Dictionary attached)
- A-1  New Data Element (Data Dictionary attached)
- A-6  Revision to Data Element (Data Dictionary attached)
- A-2  New Code Value (Table attached)
- A-2  Revision to Code Value (Table attached)
- Revision to Business Process Documentation
- Revision to X12
- A-4  New Business Practice Standard
- A-5  Revision to Business Practice Standard

**Abstract / Discussion (E-1, E-3, E-4):**

Some of the companies that use this data set have analyst assigned by meter verses business party. The data set currently only allows one contact per business party. The change would allow one contract per meter and multiple contact per business party.

Members of the committee in opposition to this request had a problem sending all of this information at a detail level. It was argued that since this information did change that often there more efficient ways to communicate changes in meter analyst than sending it at a detailed level with every allocation data set
