**Abstract / Discussion (E-1, E-3, E-4):** Add a data element to the UPPD and UPPD Notify and Request to Confirm documents called "Replacement Shipper Contract Number." Data element would be mutually agreeable (MA) in the UPPD document, conditional in the UPPD Notify and Request to Confirm document. This data element currently exists in the UPPD Final Disposition document.

Some Transportation Service Provider's tariffs allow replacement shipper's to "stack" capacity acquired on their existing contract. If this is the case, this data element in the UPPD and UPPD Notify and Request to Confirm, would allow this replacement shipper contract number to be specified. To allow for flexibility of implementation, the MITF requests implementation at the detail level of these documents.
