Abstract / Discussion (E-1, E-3, E-4):

In order to use this data set to accomodate both path nominations and unpathed nominations, the Market Settlement Task Force is asking that the data element "Model Type" be added to the data set. The usage code on other data elements in the data set will also have to be reviewed to determine which of the data element should have a usage code of conditional based on the new "Model Type" data element.
