TO: GISB Members, Interested Industry Participants, Posting on the GISB Home Page

FROM: Rae McQuade, Executive Committee

RE: Proposed Standards for Industry Comment

The industry comment period for the two recommended standards (Request No. R97126 and Trading Partner Agreement Related Request Nos. R96004 and R97060) will begin today and conclude on August 13. All comments received by the GISB office by August 13 will be posted on the home page and forwarded to the Executive Committee members for their consideration. The Executive Committee members will consider all comments before voting on each of the recommended actions, planned for August 20.

The full requests can downloaded from the home page in the "Request for Standards" area, and for interpretations, from the "Clarifications Requests" area. The recommendations on the requests can be accessed from the same area.

The requests for standards and recommendations for comment and consideration on August 20 for which comments are due by August 13 are:

- R97126 Add an error code and message to "Table A - Internet EDM Standard Error Codes and Messages". An EDM error is needed for EDI translation errors.
- R96004 Enhance Model Trading Partner Agreement and adopt as a standard
- R97060 Adopt a short form Trading Partner Agreement as a GISB Operating Practice

Please call the GISB office if you need further information on this request for comments.

4. SUPPORTING DOCUMENTATION

a. Description of Request:

Add an error code and message to "Table A - Internet EDM Standard Error Codes and Messages". An EDM error is needed for EDI translation errors.

b. Description of Recommendation:

We received further explanation from Columbia Gas Transmission. What was intended by the request was to provide the standard error messages for those exceptions that may occur after decryption errors and before a 997 Functional Acknowledgement may be generated and returned to the sender. There are certain error conditions that will cause failure of the processing precluding generation of a 997 to the sender. This request was a provision for standard responses to the sender in the event of such errors.

Objective of R97126: Develop standard EDM error messages for problems occurring beyond decryption but before the generation of a 997. Significant discussion identified a number of categories of messages and resulted in the following:

Format convention for errors/warnings in EDM is:
EEDMxxx:Standard Text;Variable Text

Items approved for addition to TABLE A in the Electronic Delivery Mechanism Related Standards are as follows:

Function: Checks for association between EDM tags and ISA sender and receiver
EEDM code : EEDM701
Standard text : EDM party not associated with EDI party
Variable text : optional and open

Sense of the Room: April 24, 1998  __13__ In Favor  __0__ Opposed  __0__ Abstained
Segment Check (if applicable):
   In Favor:  ___End-Users  ___LDCs  ___Pipelines  ___Producers  ___Services
   Opposed:  ___End-Users  ___LDCs  ___Pipelines  ___Producers  ___Services

Function: X12 Compliance (i.e.missing major X12 segments)
EEDM code : EEDM702
Standard text : Data Structure Error
Variable text : optional and open

Sense of the Room: April 24, 1998  __12__ In Favor  __1__ Opposed  __0__ Abstained
Segment Check (if applicable):
   In Favor:  ___End-Users  ___LDCs  ___Pipelines  ___Producers  ___Services
   Opposed:  ___End-Users  ___LDCs  ___Pipelines  ___Producers  ___Services
RECOMMENDATION TO GISB EXECUTIVE COMMITTEE

Requester: Columbia Gas Transmission  Request No.: R97126

Function: Trading Partner errors for X12 (i.e. X12 document not set up for the trading partner)

EEDM code : EEDM703
Standard text : Data set exchange not established for Trading Partner
Variable text : optional and open

Sense of the Room: April 24, 1998  12 In Favor  0 Opposed  1 Abstained
Segment Check (if applicable):
   In Favor:  End-Users  LDCs  Pipelines  Producers  Services
   Opposed:  End-Users  LDCs  Pipelines  Producers  Services

c. Business Purpose:
Taken from the original request:

Whenever an EDI translation error occurs, an HTTP response would be sent with the appropriate error code.

There are a variety of translation errors. Most translation errors will be identified in a 997 that is returned to the sender. However, some translation errors do not generate a 997 which leaves the sender wondering if the data set was processed. Adding an EDM error code for translation errors will allow a response with a meaningful error to be returned to the sender. This response will positively identify the problem so that the appropriate action may be taken to fix the problem.

d. Commentary/Rationale of Subcommittee(s)/Task Force(s):

We approached the request with the understanding that each implementation may differ in whether these error conditions may already be handled by the EDI translator or if covered by the EDM processes (HTTP Response or EDM error notification) leading up to generation of a 997 EDI Functional Acknowledgement from the EDI translator. EEDM703 is an example of an error condition that will be handled by many translator products, however, in some implementations, this would instead have to be handled in the EDM processes because the EDI package does not provide this error handling. EEDM701 is an example of an error condition that can only be handled by the EDM processes because it involves the checking of a valid association between the EDM from/to values and the X12 ISA Sender/Receiver ID values.
ELECTRONIC DATA INTERCHANGE

TRADING PARTNER AGREEMENT

THIS ELECTRONIC DATA INTERCHANGE TRADING PARTNER AGREEMENT (the "Agreement") is made as of ______________, _____, by and between

___________________, a ____________________ [specify corporation or other entity type],

with offices at ____________________ and ______________________, a

____________________, [specify corporation or other entity type] with offices at

____________________ (collectively, the "parties").

RECITALS

WHEREAS, the parties desire to facilitate transactions, reports and other information exchanged by electronically transmitting and receiving data in agreed formats; and

WHEREAS, the parties desire to assure that such transactions are not legally invalid or unenforceable as a result of the use of available electronic technologies for the mutual benefit of the parties; and

WHEREAS, the parties desire to enter into this Agreement to govern their relationship with respect to computer to computer exchange of information, also known as Electronic Data Interchange ("EDI") transactions.

NOW THEREFORE, in consideration of the premises and covenants herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, hereby agree as follows:

Section 1. Prerequisites

1.1 Data Communications. Each party may electronically transmit to or receive from the other party any of the transaction sets listed in the Exhibit(s), as such Exhibit(s) may be revised by written agreement (collectively "Documents"). Any transmission of data which is not a Document, a Functional Acknowledgement, an electronic delivery mechanism error notification, or a time-stamp receipt response or record (collectively "Data Communications") shall have no force or effect between the parties. All Data Communications shall be transmitted in accordance with the standards and the published industry guidelines set forth in the Exhibit(s). The Exhibit(s) to this Agreement
is(are) attached hereto. Any modification of the provisions contained in the body of this Agreement will be effective as set forth in the Exhibit(s).

1.2. Third Party Service Providers

1.2.1 Data Communications will be transmitted electronically to each party as specified in the Exhibit(s), either directly or through any third party service provider ("Provider") with whom either party may contract. Either party may modify its election to use, not use or change a Provider upon 30 days prior written notice.

1.2.2 Each party shall be responsible for the costs of any Provider with whom it contracts, unless otherwise set forth in the Exhibit(s).

1.2.3 Notwithstanding the acts or omissions of its Provider, for purposes of this Agreement, each party is responsible for transmitting, receiving, storing or handling Data Communications to the extent required to effectuate transactions pursuant to Section 2.

1.3 System Operations. Each party, at its own expense, shall provide and maintain the equipment, software, services and testing necessary to transmit to, and receive from, the parties' respective Receipt Computers the Data Communications.

1.4 Security Procedures

1.4.1 Each party shall use those security procedures specified in the Gas Industry Standards Board ("GISB") standards and the Exhibit(s). The manner in which public encryption keys are to be changed and/or exchanged will be specified in the Exhibit(s).

1.4.2 Security Key Exchanges. The parties shall maintain a public key used to facilitate secure electronic communication. The parties shall change their public key on a routine schedule set forth in the Exhibit(s). However, in emergency situations in which it is necessary to change a key immediately, each party shall provide the other party with immediate notice of the change. Each party shall provide to the other its public key by either: (a) a certified or receipt mail service using a diskette with the public key contained in an ASCII text file; or, (b) an electronic simple mail transfer protocol ("SMTP") mail message with the public key contained in the body. The public key shall be verified by the party to whom it is sent by validating the fingerprint of the public key by phone or by other comparable means.
1.5 Signatures. Each party shall adopt as its signature private keys which shall be applied to each document transmitted by such party ("Digital Signature"). Such Digital Signature, when decrypted by the receiving party, will be used to authenticate the identity of the sender.

Section 2. Transmissions

2.1 Proper Receipt

2.1.1 Documents shall not be deemed to have been properly received, and no Document shall give rise to any obligation, until accessible to the receiving party at such party’s Receipt Computer designated in the Exhibit(s), as evidenced by the receipt by sending party of the HTTP response initiated by receiving party. The HTTP response shall specify the date and time of receipt of a Document at the receiving Internet server (also called “time-c”). No Document shall have any effect if the HTTP response is not received by sending party, or if the HTTP response indicates an error.

2.1.2 The “Receipt Computer” shall be defined in the Exhibit(s) as the receiving party’s Uniform Resource Locator (“URL”), which describes the protocols which are needed to access the resources and point to the appropriate Internet locations. Where the parties employ the services of Providers to transmit and receive Documents, the Receipt Computer shall be defined in the Exhibit(s) as the receiving party’s URL provided by the receiving party’s Provider.

2.2 Digital Signature Verification and Decryption. Upon proper receipt of any Document, the receiving party shall attempt to decrypt the Document and verify the digital signature of the sending party. If the Document is verified and the decryption is successful, the receiving party shall transmit a Functional Acknowledgment in return. If the Document is verified and the decryption is unsuccessful, the receiving party shall send the applicable error message to the sending party. The sending party shall attempt to correct the error and promptly retransmit the Document or otherwise contact the receiving party.

2.3 Functional Acknowledgement and Response Document

2.3.1 For the purposes of this Agreement, a "Functional Acknowledgment" means an ASC X12 Transaction Set 997 which confirms a Document has been received and whether all required portions of the Document are syntactically correct or not, but which does not confirm the substantive content(s) of the related Document.

2.3.2 If the Functional Acknowledgment indicates an error, neither party shall rely on the Document. The sending party shall attempt to correct the error and promptly
retransmit the Document or otherwise contact the receiving party. If the Functional Acknowledgment does not indicate any error, the Functional Acknowledgment shall constitute conclusive evidence a Document has been received in syntactically correct form.

2.3.3 If there has been proper receipt pursuant to Section 2.1, verification and successful decryption pursuant to Section 2.2, and if the receiving party nevertheless fails to transmit a Functional Acknowledgement, the sending party’s records of the contents of the Document shall control, unless the sending party has retransmitted a Document pursuant to Section 2.3.7.

2.3.4 By mutual agreement, the parties may designate in the Exhibit(s) a "Response Document" Transaction Set as a substitute for or in addition to an ASC X12 Transaction Set 997. A Response Document confirms that a Document has been received, and whether all required portions of the Document are syntactically correct, and contains data sent by the receiving party to the sending party in response to the substantive content of the related Document.

2.3.5 If the Response Document indicates an error, neither party shall rely on the Document or portion of the Document which is in error, if known. The sending party shall attempt to correct the errors and promptly retransmit the Document or applicable portion or otherwise contact the receiving party. If the Response Document does not indicate any error, the Response Document shall constitute conclusive evidence a Document has been received in syntactically correct form.

2.3.6 If the parties have mutually agreed to use of a Response Document, and if there has been proper receipt pursuant to Section 2.1, verification and successful decryption pursuant to Section 2.2, and if the receiving party nevertheless fails to transmit a Response Document, the sending party’s records of the contents of the Document shall control unless the sending party has retransmitted a Document pursuant to Section 2.3.7.

2.3.7 Retransmissions. If the sending party of a Document has not received a corresponding functional acknowledgment or response document within the time frame indicated in the Exhibit(s), the sending party shall retransmit the Document and such Document shall be considered a new transmission for purposes of Section 2.
Section 3. Terms

3.1. **Transaction Terms and Conditions.** This Agreement is intended to facilitate Data Communications between the parties concerning the transactions related to effectuating transportation or sales conducted pursuant to underlying written agreements. In the event of conflict between this Agreement and the subject underlying written agreement(s), the terms and conditions of the underlying agreement(s) shall control.

3.2 **Terms and Conditions of Reports and Other Information.** In the absence of any other written agreement applicable to reports and other information transmitted pursuant to this Agreement, such reports and other information shall be subject to [CHOOSE ONE]:

[A] those terms and conditions, including any terms for payment, included in the Exhibit(s).

[B] such additional terms and conditions as may be determined in accordance with applicable law.

3.3 **Change in Terms and Conditions.** Notwithstanding Section 4.1 of this Agreement, if any party determines that Data Communications under this Agreement are altered by a subsequent change to a party’s tariff or obligation imposed by a governmental entity exercising jurisdiction over that party, then the affected party shall give reasonable notice defining which Data Communications under this Agreement are affected, and the reasons therefor, and may provide notice of termination of this Agreement as provided in Section 4.8, effective immediately upon receipt of such notice by the other party to this Agreement.

3.4. **Confidentiality.** No information contained in any Document or otherwise exchanged between the parties shall be considered confidential, except to the extent provided in Section 1.5 or in the Exhibit(s), by written agreement between the parties, or by applicable law.

3.5. **Validity: Enforceability**

3.5.1 This Agreement has been executed by the parties to evidence their mutual intent to be bound by the terms and conditions set forth herein relating to the electronic transmission and receipt of Data Communications.
3.5.2 Any Document properly transmitted pursuant to this Agreement shall be considered, in connection with any transaction, any other written agreement described in Section 3.1, or this Agreement, to be a "writing" or "in writing"; and any such Document when containing, or to which there is applied, a Digital Signature ("Signed Documents") shall be deemed for all purposes (a) to have been "signed" and (b) to constitute an "original" when printed from electronic files or records established and maintained in the normal course of business.

3.5.3 The parties agree not to contest the validity or enforceability of Signed Documents under the provisions of any applicable law relating to whether certain agreements are to be in writing or signed by the party to be bound thereby. Signed Documents, if introduced as evidence on paper in any judicial, arbitration, mediation or administrative proceedings, will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither party shall contest the admissibility of copies of Signed Documents under either the business records exception to the hearsay rule or the best evidence rule on the basis that the Signed Documents were not originated or maintained in documentary form.

Section 4. Miscellaneous

4.1 Term. This Agreement shall be effective as of the date first set forth above and shall remain in effect until terminated by either party with not less than 30 days prior written notice specifying the effective date of termination; provided, however, that written notice for purposes of this paragraph shall not include notice provided pursuant to an EDI transaction; further provided, however, that any termination shall not affect the respective obligations or rights of the parties arising under any Documents or otherwise under this Agreement prior to the effective date of termination.

4.2 Severability. Any provision of this Agreement which is determined by any court or regulatory body having jurisdiction over this Agreement to be invalid or unenforceable will be ineffective to the extent of such determination without invalidating the remaining provisions of this Agreement or affecting the validity or enforceability of such remaining provisions.

4.3 Entire Agreement. This Agreement and the Exhibit(s) constitute the complete agreement of the parties relating to the matters specified in this Agreement and supersede all prior representations or agreements, whether oral or written, with respect to such matters. No oral modification or waiver of any of the provisions of this agreement shall be binding on
either party. No obligation to enter into any transaction is to be implied from the
execution or delivery of this Agreement.

4.4 No Third Party Beneficiaries. This Agreement is solely for the benefit of, and shall be
binding solely upon, the parties their agents and their respective successors and
permitted assigns. This Agreement is not intended to benefit and shall not be for the
benefit of any party other than the parties hereto and no other party shall have any right,
claim or action as a result of this Agreement.

4.5 Governing Law. This Agreement shall be governed by and interpreted in
accordance with the laws of the ______________ [specify state, commonwealth,
province] of _____________________, excluding any conflict-of-law rules and
principles of that jurisdiction which would result in reference to the laws or law
rules of another jurisdiction.

4.6 Force Majeure. No party shall be liable for any failure to perform its obligations in
connection with any transaction or any Document, where such failure results from any
act of God or other cause beyond such party’s reasonable control (including, without
limitation, any mechanical, electronic or communications failure) which prevents such
party from transmitting or receiving any documents and which, by the exercise of due
diligence, such party is unable to prevent or overcome.

4.7 Exclusion of Certain Damages. Neither party shall be liable to the other for any
special, incidental, exemplary or consequential damages or expenses arising
from or as a result of any delay, omission or error in the electronic transmission
or receipt of any Data Communications pursuant to this Agreement, even if either
party has been advised of the possibility of such damages and REGARDLESS OF
FAULT. Any limitation on direct damages to software and hardware arising from
Data Communications under this Agreement shall be set forth in the Exhibit(s).

4.8 Notices. All notices required or permitted to be given with respect to this Agreement
shall be given by mailing the same postage prepaid, or given by fax or by courier, or by
other methods specified in the Exhibit(s) to the addressee party at such party’s address
as set forth in the Exhibit(s). Either party may change its address for the purpose of
notice hereunder by giving the other party no less than five days prior written notice of
such new address in accordance with the preceding provisions.

4.9 Assignment. This Agreement may not be assigned or transferred by either party without
the prior written approval of the other party, which approval shall not be unreasonably
withheld; provided, any assignment or transfer, whether by merger or otherwise, to a
party’s affiliate or successor in interest shall be permitted without prior consent if such party assumes this Agreement.

4.10 **Waivers.** No forbearance by any party to require performance of any provisions of this Agreement shall constitute or be deemed a waiver of such provision or the right thereafter to enforce it.

4.11 **Counterparts.** This Agreement may be executed in any number of original counterparts all of which shall constitute one and the same instrument.

4.12 **Reference Glossary.** This section lists each defined term in this Agreement and cross references that term to its definition in the Agreement.
