

Following are parking and security check-in procedures for the following two NAESB meeting days: Retail Quads on Wednesday, Feb 20th..and..NAESB EC on Thursday, Feb 21st.

Both meetings will be held in Bldg C, Room 1300 and the following arrangements should provide the shortest walk to the meeting room. Visitors who are driving to the facilities should follow these instructions to assure a parking space. Those who are not driving may enter through Building A if they prefer.

1. FPL's Juno office complex can be reached from PGA Blvd.(the major east-west road) by going North on either Ellison Wilson (immediately east of the bridge) or U.S. Hwy One (further east from the bridge).
2. Visitors who are driving should park in FPL's West Parking Lot (located north and west of Building C). There will be signs strategically placed to direct NAESB visitors to that lot.
3. Visitors should park in any available parking space in the West Parking Lot. Do not park on the roadways or grassy areas or where posted with signs.
4. There is a partly covered walkway from the lot to Building C which bypasses the construction area. The temporary entrance is on the left side of Building C.
5. A security guard will be posted at the entrance between 7:30 am and 10:00 am only and will provide badges and entry to those whose names appear on the visitor list.
6. At the end of the day or if departing early, departing visitors can phone Security from a courtesy phone in the lobby to get assistance in exiting thru the same security door.

Visitor's Guide Juno Beach

Welcome to FPL's Juno Beach office.

Should you need assistance during your visit,
please call Security Operations at extension 5000.
