

Subj: REQ Procedures revisions - work in progress  
Date: 2/25/02 8:11:24 AM Central Standard Time  
From: Charlie Driggs, Conectiv

The attached file is an interim working draft REQ procedures document prepared for use in this afternoon's follow-on conference call on document amendments.

The revisions shown attempt to incorporate the various comments received in writing on the draft document version 2.3, comments during the joint REQ/RGQ meeting of Feb 20th, and the discussions on last Friday's conference call. Today's call should produce further revisions to the attached document, and may revise the changes now shown.

Today's continuation of Friday's conference call will take place at 1pm EST and can accommodate up to 31 amendment team participants and observers. Dial in number is 302-451-5490 and the password is 0545#. The call will last up to three hours.
