

North American Energy Standards Board Membership List
As of September 11, 2024

NAESB membership extends to all employees of the member company, but does not extend to other companies with which the member company may have an organizational relationship – such as partnerships, liaisons, affiliates, subsidiaries, holding companies or parent companies. Should those companies be interested in joining they would hold separate memberships. Membership is specific to the quadrant(s) and segment(s) in which the company holds membership. Should an individual wish to represent a quadrant or segment in which the company member does not hold a membership, that individual will be considered a non-member. To obtain information on membership or verify membership status, please contact the NAESB Office (naesb@naesb.org).
